

THE MORNING APPEAL.

The Official Paper of Ormsby County
THURSDAY, MARCH 21

ALL SORTS.

There was quite a snow storm in Reno yesterday.

Dolph Shane is the only member of the Legislature who still remains with us.

He is a happy millionaire these days who knows his own children, or even the number of them.

California papers speak of the Mint steal as a Nevada scandal. Pretty easy way of putting it.

The cold snap comes just right to keep the buds and blossoms back and will be of direct benefit to the fruit.

New wills executed by Senator Fair come to the front about as fast as his extra children. A third one is in existence and will be out in a day or two.

Lamb's milk-house, near Franktown, was partially destroyed by fire Monday evening. The dwellinghouse had a narrow escape as well as the inmates.

The successor to W. S. Millpaugh the discharged claim adjuster of the Southern Pacific, is said to be the cashier of a Nevada bank, but no name is disclosed.

Col. Boyle who, like many other old miners, has some faith in Como, and is about to develop his big mine there. There will be a lively awakening in Como this Summer.

Congressman Doolittle has returned to Tacoma from Washington. He thinks that the Nicaragua Canal measure, of which he was a strong advocate, will pass at the next session.

Susan B. Anthony, in court at Rochester yesterday, protested against allowing two young men who had spent the night in the house with two girls to go free, while the girls were punished.

The Genoa Courier says that when this State begins to produce at home the eggs, flour, bacon, hams, etc., that it now imports, the people will not devote so much time to wondering what makes them poor.

Manuel Correa of Santa Clara, who was so shockingly burned while lighting a cigarette, is dying at San Jose. He has become blind and one of his ears has fallen off. The doctors are much puzzled over the condition.

It seems that the last will of James Fair was left with "an estimable old lady." These sort of people having been the constant companions of Fair during his life, it is quite natural that he would leave his last will with them.

John Piper is trying to bring the Black Crook to this city. We warn the gentleman in advance that the Carson newspapers will not tolerate any such immoral exhibition in this city—unless the advertising rates for the same are slightly advanced.

Mrs. Fidelia Elliott, one of the leaders of the woman's suffrage movement in Wyoming, died there Tuesday. During the last campaign Mrs. Elliott was President of the Woman's Republican Club and made a number of campaign speeches. She had frequently served as delegate to the county and State conventions.

Sweeney's Roller.

When an agriculturist wants to borrow a harrow, wagon, horse rake or mowing machine, he goes over to John Sweeney's and borrows it, but if John isn't there he tells Mrs. Sweeney that John sent him for it, and takes the implement. In the Spring John charges around the Valley with a gun and yellow dog on the trail of his farming machinery. He is now charging about looking for his roller. He charges all his friends with having stolen it. If any one has Sweeney's roller he will save himself trouble by returning it. He will also save us trouble as Sweeney thinks we have it.

Reno Insurance.

In Reno you can get three years insurance for \$1500 by paying \$14.50 down. If such is the case why are such exorbitant rates charged in Carson. Perhaps some of the Insurance agents here can explain the matter.

When Baby was sick,
We gave her Castoria.
When she was a Child,
She cried for Castoria.
When she became Miss,
She clung to Castoria.
When she had Children,
She gave them Castoria.

THE BIMETALLIC PARTY.

AN OUTLINE OF ITS FUTURE MOVEMENTS.

The American Bi-Metallic party will go into the next national campaign on the sole issue of money, and demand the restoration of silver. In the preamble to its address to the people of the United States, it lays down the proposition as follows:

The money question is now indisputably the dominant issue in the United States, and will remain so until settled and settled rightly. Other questions, however important, must wait for this, which, to a greater or less extent, involves all others. The issue is between the gold standard, gold bonds and bank currency, on the one side, and the bimetallic standard, no bonds and Government currency, on the other.

First. On this issue we declare our selves to be unalterably opposed to the single gold standard, and demand the immediate return to the constitutional standard of gold and silver, by the restoration by this Government independently of any foreign power, of the unrestricted coinage of both gold and silver into standard money, at the ratio of 16 to 1, and upon terms of exact equality; the silver coin to be a full legal tender, equally with gold, for all debts and dues, public and private.

Second. We hold that the power to control and regulate a paper currency is inseparable from the power to coin money; and hence that all currency intended to circulate as money should be issued, and its volume controlled, by the General Government only, and should be legal tender.

Third. We are unalterably opposed to the issue by the United States of interest-bearing bonds in time of peace, and demand the payment of all coin obligations of the United States, as provided by existing laws, in either gold or silver coin, at the option of the Government, and not at the option of the creditor.

On this issue we appeal from the dictation of the money power to the intelligence and patriotism of the American people.

It closes the address as follows:

Fellow-citizens, the power is still in your hands to right by the ballot the great wrong of 1873, and to save yourselves and your children from the thralldom which the gold-standard policy, if persisted in, will surely bring upon you and them.

We pray you, therefore, not to let the settlement of this question go beyond the election of 1896, but, subordinating all other questions for the time being to this, the supreme issue, settle this now, and settle it forever.

And we especially urge upon you the importance of immediate organization in townships, counties and cities throughout the entire country, for the purpose of carrying on this great movement for the common good of all.

Signed by the following Executive Committee appointed by the Bi-Metallic Conference called to meet at Washington, February 22, 1895:

A. J. WARNER, President American Bi-Metallic League, Chairman.
JOHN P. JONES, United States Senate.
WM. M. STEWART, United States Senate.
J. L. McLAURIN, South Carolina.
ANSON WOLCOTT, Indiana.
GEORGE G. MERRICK, Colorado.
HENRY JONES, Georgia.
J. C. GREEN, California.
JOSEPH SHELDON, Connecticut.
C. J. HILLYER, District of Columbia.
BYRON E. SHEAR, Colorado.
MORTIMER WHITEHEAD, New Jersey.

If the Conference had authority from the people to name a candidate for President, it would name Joseph C. Sibley, of Pennsylvania; but not having such authority, it can only suggest the name, and invite expressions from the people by petitions, resolutions, or otherwise, believing that nominations, when made, should reflect in the most direct manner the will of the people, uncontrolled by caucus machinery or by professional politicians.

Petitions or letters endorsing this view should be addressed to

GEN. A. J. WARNER, Chairman Executive Committee, American Bi-Metallic party,

Sun Building, Washington D. C.

A committee, consisting of the following named gentlemen:
A. J. WARNER, President American Bi-Metallic League, Chairman;
HON. W. M. STEWART, U. S. Senate.
HENRY JONES, of Georgia.
FRANCIS G. NEWLANDS, of Nevada.
ANSON WOLCOTT, of Indiana.
J. L. McLAURIN, of South Carolina was appointed to select a Provisional National Committee, to consist of one member from each State and Territory and the District of Columbia, to take charge of this movement in the several States and Territories.

A. J. WARNER, Chairman.

Slight flurry of snow yesterday.

More Light on the Mint Affair.

Last evening's Chronicle has the following:

A report, pretty well authenticated, which may contain some meat, was being whispered about today. The report was to the effect that Joe Douglas, who, is well known, does a broker and exchange business, which includes the purchase of bullion, bought two bars of refined silver bullion from some person two months ago, which he suspected at the time came from the Carson Mint.

Mr. Douglas was interviewed on the subject—very briefly, however, and he unceremoniously declined to say anything on the subject. Others who know something of the case stated that the bars of bullion in question contained no gold, which is the point which aroused suspicion. It is stated that the bullion from the mines hereabouts always contain gold and that the silver bullion without it from ordinary sources, is an unheard of thing or very unusual. This is a matter which will bear investigation.

Inspector Mason declines to talk regarding the affair and all the Mint men follow his example.

Cattle Buyers

Over \$75,000 in cash has been paid out to stockmen of this county during the past week for beef cattle for the Eastern market, by Eastern cattle buyers, who speak highly of the Nevada stock. In fact they declare that no cattle have ever been negotiated for and bought by them which ever came up to our beef. Here the cattle are well fed during the Winter, and not only that they are guarded from disease, so that when Spring comes they are in a healthy and fattened condition ready for the cattle buyers who offer the highest price. When turned out on the ranges the cattle of this State generally feed on white sage and also on a short stubby grass which as a usual thing grows in shady places, either under trees or sage brush and is said to be very nutritious.—Silver State.

Bouncing Sadler.

On Monday, when the Board of Capitol Commissioners met, Treasurer Westerfield said,

"I say, Sadler, did you say you had joined the Republican party?"

"Yes, you bet your sweet life, that's what I said!"

And then Westerfield, after a moments reflection, remarked in a low soft voice,

"I move the position of Chairman of this Board be declared vacant."

"Second the motion," said Controller LaGrave.

In about two minutes Sadler was out as Chairman, and Westerfield was in as Chairman, with LaGrave as Secretary.

Sadler has gone to Eureka on a visit.

"A Slick Mug"

The slang phrase so often used has a special significance when applied to Assemblyman Francis. When he was contesting his seat, he spent his time going about with tears in his eyes soliciting help from everybody, and dodging roll calls. After he was seated, he proved an ingrate to all who had helped make his fight. All who have had any experience with Francis of Humboldt, say he is a "smooth mug" and not safe to bet on.

A few days ago, at a prayer meeting, a Farmland Republican brother prayed that God would cause the Republican party to hang together, whereupon a Democratic brother shouted, "Amen! Amen!" This caused the Republican brother to make the following amendment to his prayer: "Not, O Lord, in the sense that our Democratic brother means, but in the spirit of accord and concord." "Any cord will do, O Lord; any will do!" ejaculated the Democratic brother. The pastor immediately made a rule that, hereafter politics should be kept out of the prayer meeting.—Westphalia Times.
